

Adjustable Easy-matic striker for Polaris 2XT, Revolution XT, Mediana Evolution and Centro latch only - for rebated doors

Description

Adjustable steel striker with rounded edge, width 22 mm, length 82 mm. Designed for use with the tray covering latch hole; interchangeable versions available, with or without magnet, making it compatible with Polaris 2XT, Revolution XT, Mediana Evolution and Centro latch only. Can be adjusted under pressure (up to 1,5 mm) by turning the tray 180° and, turning also the plate, it is possible to reach 2,9 mm of total adjustment.

Selection and Application

To be coupled with Polaris 2XT, Revolution XT, Mediana Evolution and Centro latch only, on rebated doors; application is possible on flush doors, only coupled with Polaris 2XT and Revolution XT.

Mounting

Apply a milled component to the frame (dimensions in drawing), bearing in mind, in the eventuality, the milled component for tray. Apply the striker flush with the edge of the frame. For mounting, use two screws (3,5x20 mm).
